ProLite XB3270QS-B1A height adjustable 32" IPS Panel Technology monitor featuring WQHD resolution Looking for the perfect monitor? Choose the best all-around IPS Panel Technology guaranteeing perfect colour reproduction with wide viewing angles. Meeting the demands of both graphic design and the modern work place, the 32" XB3270QS with a high WQHD resolution offers the perfect solution for productivity, design and data analysis. The height-adjustable stand ensures you can adjust the screen position to your preferences, and the flicker-free panel with blue light reducer function reduces eye fatigue. This high-end feature-rich panel is the new hallmark of the discerning user across many sectors.

WQHD

With true WQHD 2560 x 1440p resolution your monitor is ready to display high definition images. This means you can accommodate more information on your screen, i.e. over 76% more in comparison to a 1920 x 1080 monitor.

IPS Technology

IPS technology offers higher contrast, darker blacks and much better viewing angles than standard TN technology. The screen will look good no matter what angle you look at it.

Height Adjustable Stand

A Height Adjustable Stand allows you to set the perfect position of the screen ensuring ergonomic posture and optimal viewing comfort which benefits not only your health but also productivity.

Flicker free + Blue light

The ultimate solution for the comfort and health of your eyes. Flicker free monitors with blue light reducer function. Absolutely no flickering. And the amount of blue light emitted by the screen and responsible for your eyes feeling fatigued substantially reduced.

Speakers and headphones

Playing with friends? Use the integrated high quality speakers. Don't want to disturb anybody? Plug your headset to the headphone socket and turn the volume up.

Beeldscherm

Beeldscherm	LED
Beeldscherm vorm	Flat
Beeldscherm, aantal kleuren	1.073 biljoen kleuren
Beeldschermdiagonaal	80 cm (31.5")
Beeldverhouding	16:9
Contrast ratio (dynamisch)	80000000:1
DDC/CI	Ja
Display technologie	IPS
Frequentiebereik horizontaal	30 - 90 kHz
Frequentiebereik verticaal	50 - 75 Hz
